Compact. Versatile. Powerful.

LobbyGuard Scout

The LobbyGuard Scout Visitor Management Kiosk contains everything you need to track visitors entering and leaving your building in a compact design that can be installed anywhere in minutes.

Increase building security and reduce workload on front desk personnel with the self-service convenience of the LobbyGuard Scout Kiosk.

Includes visitor badge printer that can be attached directly to the LobbyGuard Scout Kiosk, or attach the printer to a front desk PC and provide security personnel an opportunity to review the printed badge.

Instantly scan the visitor driver license for increased security with the included bar code scanner.

LobbyGuard Scout Features

The LobbyGuard Scout includes the All-In-One PC with integrated high-resolution camera, touchscreen monitor, audio speakers, Ethernet and HDMI ports and built-in WiFi capability.

Power button and all ports are protected by bracket enclosure that also holds the included Bar code scanner securely in place.

Tabletop stand with mounting pattern for securing to any surface, visitor badge printer and wireless keyboard/mouse (for use during setup and installation only) are also included.

Durable. Rugged hardware will stand up to years of public use.

Portable. Small form factor and built-in WiFi allow the Scout to be easily repositioned as needed for special events.

Flexible. The Scout can be tabletop or wall-mounted or attached to any VESA-compliant mount.

Appealing. LobbyGuard Scout adds an attractive, high-tech element to any lobby or front-office environment.
