

A Proven Solution

PowerSchool

PowerSchool® is the leading and fastest growing student information system (SIS) available today, supporting 12 million students in all 50 states and over 65 foreign countries. Last year, more schools and districts selected PowerSchool than any other SIS product on the market. Today, PowerSchool supports a wide range of implementations—including schools as small as 25 students, districts as large as 80,000 students, and statewide deployments.

Impact to Student Achievement

The deep functions of PowerSchool allow today's educators to make real-time decisions about each student while creating a collaborative environment for parents, teachers, and students to work together to prepare students for the future. Access to real-time information allows student performance to be addressed in a timely manner.

Easy to Learn, Easy to Use

By leveraging the latest web technologies and evolving web design standards, PowerSchool presents users with a clean interface that is easy to learn and easy to use. With over a decade of experience as a completely web-based system, PowerSchool stands alone as the deepest and most flexible SIS available to meet the needs of K-12 districts. Through SIF® Compliance, an open platform, and the ability to share enhancements with other users, PowerSchool allows each customer to easily tailor the best solution for their needs.

LobbyGuard Solutions, LLC

LobbyGuard® is a recognized leader in the visitor management industry. The LobbyGuard Visitor Management System is a powerful solution that streamlines the visitor sign-in process, providing instant sex offender checks and customized alerts while tracking visitors, volunteers, students and faculty. LobbyGuard handles 500,000+ visitor sign-ins each week at K-12 campuses across the nation.

Most Efficient, Most Secure

The LobbyGuard Kiosk offers true self-service that does not require a mouse or keyboard to operate. The intuitive user interface was designed for use with a touchscreen monitor and provides a simple step-by-step method for signing a visitor in or out of the building. Numerous features and safeguards are in place to enforce accurate data entry and to prevent visitors from entering false information, including text message and email notification to building or school security in such an event.

Multiple Solutions to Fit Your Needs

By offering a family of products including kiosks, LobbyGuard FrontDesk and LobbyGuard Go!, customers can choose the visitor management system that best fits their environment.

LobbyGuard Kiosks – A line of self-service products that provide the visitor a fast, efficient and secure method to sign-in and out of the school.

LobbyGuard FrontDesk – A web-based software package that allows faculty or staff to sign visitors in and out of the school.

LobbyGuard Go! – A smartphone app that provides a secure method for visitors to sign-in and sign-out of the school, without the need to interact with the kiosk.

All LobbyGuard products feature instant background checking, unlimited data hosting and scanning of any form of government or private identification.

About Pearson

As the industry leader in SIS and performance solutions, Pearson offers schools and districts access to deep expertise and an unparalleled selection of technologies that address the challenges of achievement, reporting, growth, and scalability. Our student information systems enable schools and districts to leverage technology to ease reporting burdens, open up lines of communication, and simplify internal processes, such as scheduling and grading.

We believe that providing today's schools and districts with a choice of flexible, interoperable, and customizable technology solutions is critical to establishing the infrastructure needed to power performance across all stakeholder groups, be it schools, districts, administrators, teachers, or students.
