Efficient.

Sign in hundreds of visitors in just a few seconds. Perfect for large groups, special events and conferences.
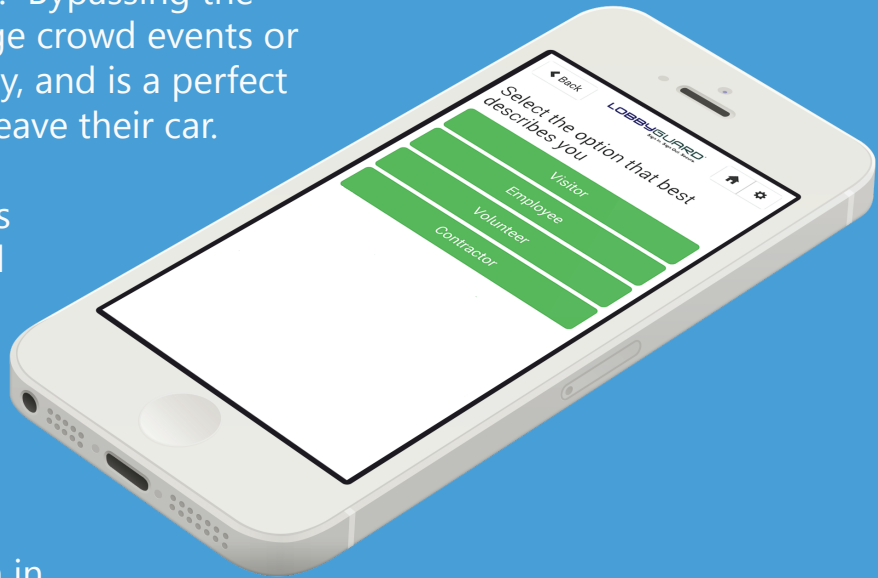

Secure.

Instant background checks, drivers license scan, visitor photo and badge printing are all supported by LobbyGuard *Go!*

LobbyGuard *Go!* Features

LobbyGuard *Go!* combines all the features of the LobbyGuard Kiosk with the convenience of the smartphone. Visitors follow on-screen prompts on the phone to sign in and out of your building without sacrificing security. Bypassing the kiosk means no lines forming during large crowd events or high-traffic times during the business day, and is a perfect solution for tracking visitors who never leave their car.

LobbyGuard *Go!* provides all the features you've come to expect from LobbyGuard including instant background checking, driver license scanning and visitor badge printing. And LobbyGuard *Go!* integrates seamlessly with other LobbyGuard products including the line of LobbyGuard kiosks, giving your visitors a choice in how they wish to sign in.

LobbyGuard *Go!* - The fastest, most secure way to handle your visitor traffic.
