

LobbyGuard® SL Visitor Management Solution

Everything you need to approve and track visitors.

- increase building security
- enable visitors to sign in/out through a self-service, streamlined workflow
- maintain accurate, detailed visitor records and historical data with unlimited data storage on the cloud
- reduce workload on front desk personnel, while allowing them to oversee visitor process from their PCs
- install software on your existing PC, tablet, or laptop that operates with Windows® (works with both touchscreen and non-touchscreen monitors)

See it in action.

Contact us today for a brief no-obligation demo.

The SL Package comes with LobbyGuard Visitor Management, unlimited data storage, and a badge printer, camera, and barcode scanner.

“The elimination of the antiquated log processes, the cost savings of enabling us to put employees where we need them most...have made a big, big difference. **I'd happily recommend LobbyGuard to any company looking for an easy-to-use automated visitor management system.**” - Executive Administrative Assistant at Algood Food Company
